Devon Ridge Farm offers a progressive learning system where the students learn horsemanship as well as riding skills. We want them to develop good riding habits and skills so that they progress in any discipline they should desire in their future. We also encourage responsibility and kindness towards fellow students, instructors and the horses. .

Camps will include riding lesson every day, learning about the daily care of horses and tack as well as ground work, games, and of course LOTS of FUN!!! We will also be putting the students in applicable groups so that they all can be challenged appropriately depending on their abilities.
